Occupation	Discord Admin (former), other occupations unknown
Interests	abusing given power, Bloons Tower Defense

BurgerKingGirl is a member and former admin of the [Cumball Discord server](#), and a friend of [Filled With Nothing](#). In Cumball he was known for being an abusive admin, abusing his power to cause undue stress to others with unjust punishments, which made him a very unpopular admin and directly resulted in the forceful removal of his power. Since his permission reduction he has been sparsely active in the server he once moderated.
