The **Aryan child** is a mysterious figure and major goal in [Filled With Nothing](#)'s prophecy who is said to be a snow-white child and is frequently sexualized or impregnated in said prophecy.<sup>1)</sup>

Origin

Filled is ironically a white supremacist to the point where he believes even white people are not white enough if they do not match a #FFFFFF skin tone like he supposedly does, even though photo evidence points to the contrary.<sup>2)</sup> In his philosophy he believes in a prophecy that will genocide everyone who is non-white (or rather, not as white as he is) and the world would be turned into paradise post-slaughter.

The Aryan child was created as a method of achieving his pure and noble goals. He is prophesied to either create the Aryan child or reproduce with it to make a race of pure white Aryan people to rule the Earth with, with him as their God and father.

Appearance

The Aryan child is described as being white as snow, which includes her hair, skin, and possibly other features like eyes, fingernails, body hair, outfit choice, and more.

This appearance aligns with Filled's interpretation of the Aryan race and the child's creation would serve as one of the ultimate goals of the prophecy.

Personality

Being Filled's adopted or biological child, it is presumed that she would develop a similar personality to him and be indoctrinated with his values and philosophy from a very early age. Due to the child not existing as of writing, it is unknown whether she will succumb to his way of life or make her own.

<sup>1)</sup>  
This is not a serious matter. Filled is not an unironic pedophile who preys on children, nor does he have the content to prove he does so. Take this entire page with a grain of salt, and use context and reasoning to surmise that he is saying these things ironically and this “prophecy” is not true or real.

2)

Photos taken of his skin are “altered by lighting” according to him, feeding the delusion that he is the chosen one.
